Discover Switzerland

A land of astounding beauty and diversity

Switzerland is an amazing country which offers visitors a huge variety of experiences, with something to suit everyone. The Swiss transport network is extremely efficient, with the trains, buses, boats and mountain railways all co-ordinated for ease of travel. You can explore the lakes and mountains to your heart's content and English is widely spoken should you need any guidance.

Many of the resorts and sights suggested here can be combined for an unforgettable two or multi centre holiday; we will be delighted to help you with your plans.

Lakeside resorts

There can be no finer way to take in the glorious scenery than on a relaxing lake cruise - use the Half Fare Card we'll send you for a great value day ticket. Lakes Geneva, Lucerne, Thun, Brienz, Maggiore and Lugano all have a stunning mountain backdrop. There is onboard catering, or you could hop off at a lakeside village for a leisurely lunch with magnificent views.

Recommended resorts: Lucerne, Weggis, Brunnen, Montreux, Vevey, Interlaken, Bönigen, Spiez, Thun, Lugano, Locarno, Ascona

Alpine resorts

The ancient alpine landscape is quite simply stunning. This is a wonderful experience where you can find true peace and quiet, with walking trails on your doorstep and a fabulous selection of cable cars and mountain railways. Stroll to a mountain restaurant or try a more challenging hike. Summers may be a little cooler up here, but the pure mountain air is unbeatable.

Recommended resorts: Wengen, Grindelwald, Mürren, Zermatt, Saas-Fee, St. Moritz, Pontresina, Davos, Klosters, Arosa, Andermatt, Gstaad, Lenzerheide, Villars, Appenzell

Scenic rail

With panoramic windows giving you fabulous views of the landscape, a scenic rail journey is a real joy. Some resorts lend themselves particularly well to a two centre scenic rail holiday, with one or more of the famous trains calling directly in the resort's station. You can find out more about the Glacier Express, GoldenPass Line and others on page 12.

Recommended resorts: Interlaken, Spiez, Montreux, Lucerne, Zermatt, Brig, Chur, St. Moritz, Pontresina, Lugano

UNESCO World Heritage Sites

Switzerland has a number of UNESCO protected sites which are worth visiting during your stay. Natural wonders include the Jungfrau-Aletsch Glacier, while the scenic Albula-Bernina railway line through the Alps is an example of amazing engineering. Other highlights are the Bellinzona castles, the Old Town of Bern and the Lavaux Vineyards on the shoreline of Lake Geneva.

Recommended resorts: Bellinzona, Bern, Interlaken, Brig, Vevey, Montreux, Chur, St. Moritz, Pontresina, St. Gallen

History and culture

In the large towns of Switzerland you will find a fantastic range of museums and galleries. Basel in particular is renowned for its architecture. Lucerne and Lugano both have modern arts complexes and there are music festivals throughout the country. History lovers will be delighted by medieval castles and charming, centuries-old streets and town squares.

Recommended resorts: Lucerne, Montreux, Lugano, Ascona, Locarno, Bellinzona, Chur, Brig, Bern, Thun, Basel, Zurich, St. Gallen

Gastronomy

The food here is deliciously influenced by its Italian, French and German neighbours. Typical Swiss dishes you should try include fondue, raclette, rösti and all manner of sweet pastries. The chocolate is, of course, sublime. Village resorts offer delightful local cheeses and meats; for fine dining, we have over 20 hotels recognised in the renowned Gault & Millau restaurant guide.

Recommended resorts: Zermatt, Lucerne, Weggis, Montreux, St. Gallen, Geneva, Zurich

Gardens and horticulture

Many mountains have alpine gardens to visit, with Schynige Platte in the Bernese Oberland and Schatzalp in Graubünden among the best. For sub-tropical botanical gardens, the Brissago Islands on Lake Maggiore cannot be beaten and the nearby resorts also have colourful blooms. Viticulture can be enjoyed in the vineyards near Spiez and Lake Geneva, which also has stunning narcissi fields.

Recommended resorts: Interlaken, Spiez, Wilderswil, Vevey, Montreux, Lausanne, Lugano, Locarno, Ascona, Davos

Families

Children will love to run freely in the mountain pastures and they will also find plenty of playgrounds, summer toboggan runs and mountain streams to paddle in. A trip on a cable car or funicular is a thrill in itself! Many lakes have a swimming lido and boat rides. The Swissminiatur model village near Lugano and the Transport Museum in Lucerne are also recommended.

Recommended resorts: Lucerne, Wengen, Grindelwald, Lugano, Saas-Fee, Davos, Arosa

Wengen

Switzerland for all seasons

Find stunning scenery all year round

The Swiss landscape changes dramatically from season to season. If you are familiar with green mountains and sparkling lakes, try visiting when a gentle blanket of the whitest snow covers the land as far as the eye can see. Spring and autumn are just as entrancing and have the added benefit of the resorts being relatively quiet.

Throughout this brochure you will find resorts and hotels which offer a delightfully different experience with the changing seasons. While the Swiss alpine villages are famous for their winter sports, even non-skiers can enjoy a fabulous holiday in this stunning landscape, with prepared walking trails and plenty of mountain restaurants.

There are some elements to bear in mind when planning your holiday such as the fact that some hotels have a minimum stay requirement during the winter. In the weeks between the summer and ski periods, many cable cars do not operate - this is usually April-May and October-November, but will vary by location. Equally, some excursions do not operate year round, as indicated throughout the brochure and on our website. Some of the scenic rail journeys have seasonal operating dates (see pages 12-15) and lake cruises may have fewer departures in the winter. We recommend checking details before booking; our knowledgeable team will be glad to assist.

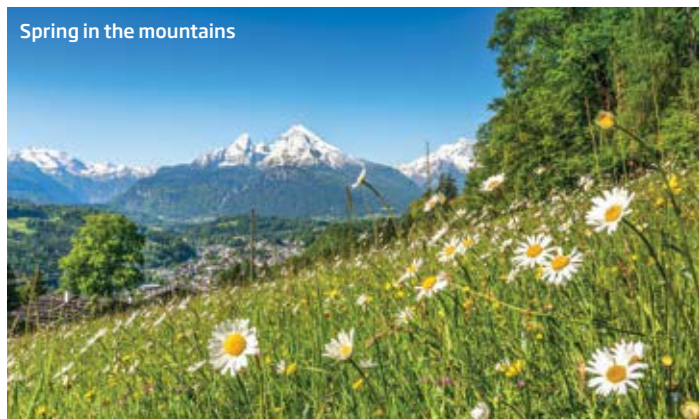

Lucerne

Spring

The actual timing of spring varies according to where you stay. In the warmest climes of the Ticino region, you will find vibrant camellias blooming in March, while in the mountain resorts it can be late May to early June before the delicate alpine flowers open up and the snows retreat to the uppermost peaks. The Lake Geneva region offers memorable spring walks through narcissus fields and newly lush vineyards. Easter is a great time to visit throughout the country, with some warmth in the sun even in the mountain resorts - and the perfect opportunity to sample the famous Swiss chocolate.

Top tip Spring is the ideal time for a short break in a resort such as Lucerne. You can enjoy the lake, take excursions to the nearby mountains of Rigi and Pilatus, explore the history of the Old Town, do a little shopping and sample a good variety of restaurants.

Summer

The Swiss weather can be surprisingly hot at the height of summer – warm enough for a dip in the lake, for palm trees to line the promenades and for glorious subtropical flowers to bloom. That said, you may still need a jacket when you travel up to higher altitudes to enjoy alpine walks and views. There are plenty of festivals large and small at this time of year, making Switzerland a vibrant and cultural place to visit. Swiss National Day is on 1st August when you'll see an abundance of flags, fireworks and celebrations.

Top tip When you stay in resorts such as St. Moritz and Saas-Fee in the summer you will be given a free travel pass which allows you unlimited travel on the local cable cars and funiculars. Elsewhere there are a range of great value travel passes to pre-book which allow you to bypass the ticket office queues.

Autumn

As well as being relatively quieter, this is a time of year with some wonderful seasonal produce for the visitor to enjoy. Chestnuts are a Swiss autumnal favourite, along with mushrooms, apples, pears and many varieties of game. You will find some resorts which hold charming festivals in the autumn, celebrating the locally produced cheeses and wine. In the alpine villages, you may spot cattle processing along the road. They come down from the high alpine pastures before the winter starts and are resplendent in their headdresses of flowers and ribbons.

Top tip Autumn is perfect for a scenic rail holiday, with beautiful golden hues to enjoy through the panoramic windows as you travel across the changing landscape. You can still find warm sun in early autumn – and enjoy memorable scenes as the mists burn off to reveal stunning views of the lakes and mountains.

Winter

Even if you are not a skier you can still enjoy a wonderful holiday at this time of year. Choose an alpine resort for mountaintop fondues under a blue sky and the fabulous après-ski atmosphere. There are idyllic, car-free villages such as Wengen and Zermatt, or lively resorts such as St. Moritz with plenty of restaurants and shopping. If you stay in a lakeside town such as Interlaken, Lucerne or Montreux you can enjoy lake cruises all year round - or use the transport network for a range of excursions up to mountain beauty spots and winter walking trails. Please see www.swisswinterco.com for more details.

Top tip December of course brings Christmas celebrations - or you may like to visit earlier that month for the atmospheric Christmas markets which are becoming ever more popular. Most scenic rail routes operate through the winter so you also have the opportunity to travel across the Alps in all their winter glory.

Your journey *to Switzerland begins here*

Your flight to Switzerland

We use Swiss International Airlines, British Airways, easyJet and Jet2 as they offer the greatest flexibility for your holiday plans. Many leave in the morning and return in the afternoon, thereby allowing you to maximise your time in Switzerland. For all airlines, we highly recommend early booking in order to access the best fares. Our prices do include hold baggage allowance for all passengers.

Fly from your local airport

SWISS have regular flights from London, Birmingham and Manchester, while British Airways offer connecting flights to Heathrow from around the UK. EasyJet have flights from London as well as a wide variety of regional UK airports as do Jet2 in winter. See pages 84-85 for more details.

Own flights

If you prefer to book your own flights we can still make all of the arrangements for your onward travel from Zurich or Geneva or Basel airport to the resort as well as the hotel reservations. Deduct £150 per person from the prices shown in the brochure.

Swiss airport to resort by rail

Travel to your resort in Switzerland is by rail as this offers the best comfort and flexibility. Zurich and Geneva airports have their own railway stations, making the transfer from the arrivals hall very easy. Your personalised travel documentation will provide details of the most convenient train departures and relevant connections. The Swiss railway system runs with the punctuality of a Swiss watch, so we will even be able to tell you the platform number!

Your holiday price includes second class rail transfers. First class is available at a supplement of £43 per person offering quieter carriages with more room for yourself and your luggage.

Flight Luggage

Swiss Railways has a unique Flight Luggage system for transporting your luggage from your UK airport to your resort and back again. Significant changes have been made to the system over the last year, the key one being that on the return journey to the UK, check in and issuing of boarding passes at Swiss resorts is only possible on their 'door to door' service. This is only available for clients travelling on SWISS flights from selected resorts. Otherwise luggage has to be collected at Zurich airport station baggage office and then checked in.

UK luggage delivery service

We can offer an alternative luggage delivery service from your home to your Swiss hotel and return. This will be beneficial to people flying with airlines other than SWISS and for anyone flying via Geneva airport. It will also be of interest for car free resorts such as Wengen, Mürren and Zermatt where Flight Luggage is no longer available to Zurich airport on the return journey. In these circumstances we could combine Express Flight Luggage on the outward journey with this service on your return journey. See page 86 for further details.

Travel by rail

This is an increasingly popular option as it offers a comfortable and relaxed ride across the continent. You'll start your journey by Eurostar from London (or Ebbsfleet in Kent) and you have a choice for the onward journey via Paris, Strasbourg or Brussels. The high speed continental trains are well appointed and offer great views as you travel towards Switzerland. Please see pages 82-83 for more details.

Getting around

It is a joy to travel around Switzerland, particularly with the passing lakes and mountains scenery being so beautiful. The Swiss Travel System is also efficient and easy to use and we highly recommend exploring the country. We have included the **Half Fare Card** in your holiday price, which offers a 50% reduction on train, bus and boat rides and many mountain railways.

You can purchase other travel passes from us, which include unlimited travel and which offer the added bonus of being able to avoid ticket office queues. Please speak to our knowledgeable team to determine the pass that best suits your requirements.

Scenic rail holidays

Journey through glorious scenery

For many, the highlight of a Swiss holiday is travelling along one of the scenic routes which cross this beautiful country.

Switzerland's rail network is easy to use and totally reliable so you can confidently plan a two or multi centre holiday, using a wonderful scenic journey to connect your chosen resorts.

Some of our favourites are to be found on the following pages.

How to plan a two centre holiday

Select a classic rail journey

Each of the famous trains in these pages has its own unique history and character. What they have in common is the chance to immerse yourself in truly stunning lakes and mountains scenery. Indeed, many of the carriages have ceiling height panoramic windows in order to maximise the glorious views.

Simply choose your train journey from the following pages and we will suggest suitable resorts at either end.

or

Choose your favourite resorts

You can combine any resorts you wish in Switzerland. Choose which 2 (or 3 or 4...) resorts appeal to you and we will offer suggestions to link them, using the scenic rail and mainline routes.

The destinations have been selected for their wealth of lakes and mountain excursions and range from idyllic villages such as Wengen to larger towns such as Lucerne. As we build your holiday itinerary, we will let you know about perks such as free cable car travel in mountain resorts.

Total flexibility

Your holiday duration is another important factor in planning your itinerary. You may decide to travel on several scenic trains, stopping in each resort for just one or two nights. Or you can keep it simple with longer stays in two centres, enabling you to fully explore the surrounding region.

With our scenic rail holidays you determine your own choice of arrival and departure day, how many resorts you stay in and the number of nights spent in each resort. All the journeys shown can be enjoyed in either direction.

Scenic day trips

Usually a whole day of the holiday is given over to the scenic rail journey, with some routes taking 6-8 hours.

However, we are able to suggest shorter sections of journeys which can be enjoyed as a round trip.

Scenic holidays around Switzerland

In addition to the trains and itineraries shown here, we can book many other rail journeys. You can find more suggestions at www.swissholidayco.com or browse through our specialist brochure.

Bernese Oberland

Wengen - Grindelwald - Meiringen

A hiking tour with a magical backdrop of the Eiger, Mönch and Jungfrau mountains. You will be taking the legendary Bären trek (Bear Trail) over the Kleine and Grosse Scheidegg. This is one of the most beautiful trails in Switzerland, combining the imposing mountains with the flower-strewn meadows and fields of alpine roses and blueberry bushes.

Grindelwald

Day 1 Arrive in Wengen

We'll arrange your flights from the UK and rail transfers from the airport to Wengen. This car-free village lies on a sunny plateau in the Jungfrau mountains and the comfortable Sunstar Hotel is conveniently situated in the heart of the resort. Take a stroll around the village, breathe in the fresh mountain air and enjoy dinner at your hotel.

Day 2 Explore the Jungfrau region at your leisure

You are spoilt for choice today! From Wengen, you can visit the Schilthorn-Piz Gloria mountain with its revolving restaurant or spend an incredible day at the Jungfrau Top of Europe. The journeys to these stunning peaks are amazing. Alternatively, you may like to travel down to the Lauterbrunnen Valley and enjoy a walk in this lush area which boasts 72 waterfalls.

Day 3 Hike over Kleine Scheidegg to Grindelwald

(Day 2 on the shorter itinerary)

Leaving Wengen, you'll hike through the glorious scenery of the Kleine Scheidegg area, always popular with walkers. There is a choice of a simple route including mountain transport, which takes 1½ hours or you

Days 4-5 Enjoy Grindelwald and the surrounding area

(Day 3 on the shorter itinerary)

With two free days to explore, you will be able to make the most of the Bernese Oberland. The First mountain is the most local to the resort, and here you will find walking trails, downhill mountain carts and the fantastic Cliff Walk experience. It's an easy train ride down to Interlaken, where you can take a cruise on either Lake Thun or Lake Brienz, both offering glorious scenery.

Day 6 Hike through the unspoilt Schwarzwaldalp to Meiringen

(Day 4 on the shorter itinerary)

Today's hike will take you from Grindelwald to Meiringen over the Grosse Scheidegg. Two highlights of your walk will be the unspoilt Schwarzwaldalp and the amazing Rosenlauri Glacier Gorge. Even in Roman times, people were using the Alpine crossings over the Strela Pass and the Urdenfürggli. Today, you can enjoy spectacular views of the diverse flora and fauna from well-maintained paths. This beautiful corner of the Graubünden region has stunning peaks which glisten in the sunlight, contrasted with dark spruce forests and rich green alpine pastures.

Days 4-5 Explore the Arosa region with FREE cable car travel (Day 3 on the shorter itinerary)

Appenzell region

Holiday in Appenzell

Experience a different side to Switzerland

Nestled in the mountains of Eastern Switzerland is a charming resort which we are pleased to bring to your attention following an increase in interest. Even if you have 'done' the famous sights of Switzerland, an Appenzell holiday promises a fresh perspective on this beautiful country.

Appenzell resort

Appenzell is a delightful small town whose beautiful pedestrianised old centre has many buildings which are ornately decorated with frescoes and date back to the 16th century. The unique Hauptgrasse is the main street with quaint colourful houses while Landsgemeindeplatz, the historic town square, is surrounded by narrow streets and provides the perfect opportunity to relax in one of the many restaurants and cafés. The town boasts many historic buildings from the 16th century including the Town Hall and the parish church of St. Mauritius as well as several interesting museums.

Explore Appenzellerland

This is a beautiful region, with the gentle green mountains making a splendid landscape for walking. The region is well known for its traditional rural customs, which you can experience in the charming villages of the region and at the cheese dairy.

The rolling countryside around Appenzell gradually changes from hilly landscape to the rock-dominated Alpstein region where mighty sheer rock formations tower to over 2,500m. From the town, there are rail connections to the mountain base stations from where you can take cable cars up to alpine beauty spots with memorable walks and fabulous views. Particularly recommended are the Europa-Rundweg circular trail and the walk to the picturesque Aescher hostelry.

Enjoy Appenzell as part of a multi centre holiday

We can include charming Appenzell as part of a longer scenic rail holiday. There are connections via Chur for the Glacier Express (to Zermatt) and Bernina Express (to St. Moritz) and via St. Gallen for the Pre-Alpine Express (to Lucerne).

FREE Appenzeller Card

Stay for 3 nights or more and you will be given this free card offering unlimited travel on the network of buses and trains around the Appenzell region, including to St. Gallen, as well as 2 free trips on each of the cable cars Wasserauen–Ebenalp, Hoher Kasten and Jakobsbad–Kronberg. You also have free entry to 5 local museums and to see a cheese making demonstration.

During the summer months there is also free beer tasting, cycle hire, swimming and the summer toboggan run.

Centrally situated in the pedestrian area of this historic 16th century small town, the Löwen is a charming boutique hotel offering traditional Appenzeller comfort and service. There is a breakfast room and those requiring half board can take a four course dinner in the nearby Romantik Hotel Säntis.

There is a small lounge and terrace and throughout the hotel you will find examples of furniture painted in the traditional style. Guests may request one of the traditional style 'Appenzeller' rooms at the same price as the modern standard rooms (subject to availability). The Löwen makes an excellent base to explore the Old Town with its unique and colourful buildings of which Appenzell is justifiably proud.

Interlaken

The most famous resort in the Bernese Oberland, Interlaken has the main advantage of being at the centre of a fantastic local network of transport – the whole scenic region can be easily reached by boat, rail and bus. The town of Interlaken offers a different experience than the villages we feature. There is a bigger choice of hotels and it has a real buzz about it, with shops selling luxury watches and jewellery (as well as the quintessential cow bells!) and a wide variety of restaurants, bars and even a bit of nightlife.

Interlaken also has a charm of its own; situated between two beautiful lakes, the town is dominated by the high Alps, with glorious views up to 3,500m including the famous trio of the Eiger, Mönch and Jungfrau.

Lugano

Lugano

With its cluster of piazzas and tree-lined promenades, the chic town of Lugano is more Italian than Swiss, with sophisticated shopping, an historic centre and wonderful cuisine.

Both Monte Brè to the north east and San Salvatore to the south are served by funiculars and give spectacular views over to the snowcapped Alps. On Lake Lugano, steamer cruises are highly recommended to picturesque lakeside villages such as Gandria and Morcote. It is a joy to eat al fresco on the Piazza della Riforma in the shade of the 19th century Town Hall, or you could try a traditional grotto - sit back with an apéritif and enjoy the vistas of the deep blue lake and the mountains behind.

Locarno

Locarno

Locarno is a small town on the sunny banks of Lake Maggiore, close to some truly delightful mountain excursions. Its Italian style comes alive during the summer with live music in the squares and many other cultural events. In the heart of the town you will find narrow streets leading up to the picturesque Old Town and the Piazza Grande, which is one of the largest squares in Switzerland. Walks in the neighbouring picturesque villages are a real pleasure.

Ascona

Ascona

In a spectacular bay on Lake Maggiore lies one of the most beautiful lakeside resorts in Switzerland. The Old Town has an intricate web of lanes with smart boutiques and galleries; wander along them to the lively piazza and the lakeside cafés. A relaxing cruise on Lake Maggiore is a must! Art and culture are at home in Ascona with evening shows and traditional open air festivals. Europe's most important classical jazz festival takes place here in June and July.

Switzerland by rail

Comfort and Swiss punctuality

Rail travel to Switzerland is growing in popularity as more people appreciate the comfort and relaxed style and although there are station and train

changes it can be less hassle than air travel. The railways have also continued to develop the routes through to Switzerland offering faster trains with more choice and good connections into the Swiss rail network to any resort in Switzerland.

Benefits of travelling by rail

- Shorter check in time (minimum 45 minutes)
- Countryside views across the continent
- Comfortable seats with plenty of legroom
- Opportunity to walk around and stretch your legs
- No weight limit for your suitcases

London - Paris - Basel

Eurostar high speed link from London, St Pancras to Paris, Gare du Nord offers the most convenient route with onward travel from Paris, Gare de Lyon by the French high speed TGV service to Basel. A limited number of Eurostar trains stop at Ebbsfleet in Kent. This has a large car park and may be more convenient for you than London.

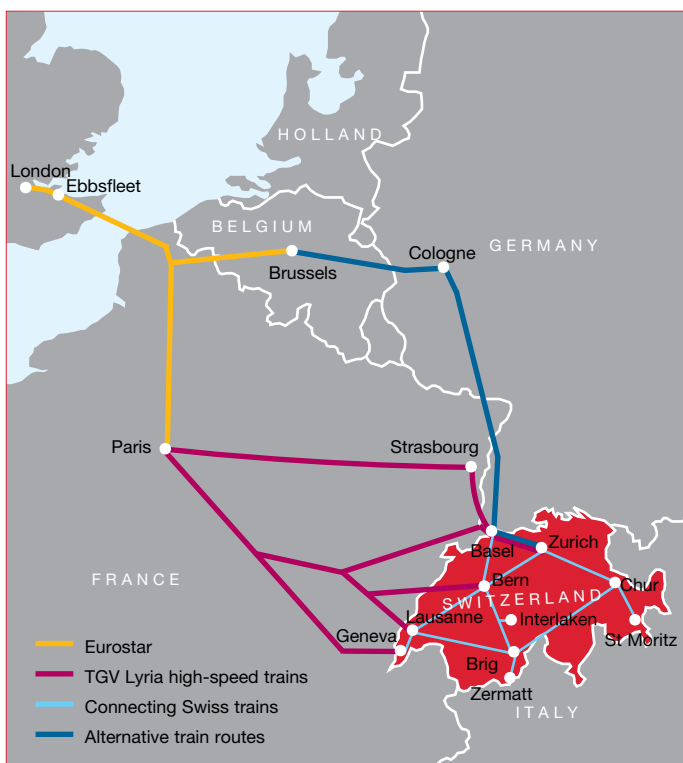

Transfer between stations in Paris

Gare du Nord to Gare de L'Est These stations are very close together and should be no more than an easy 10 minute walk. We will provide directions with your travel documents.

Gare du Nord to Gare de Lyon These stations are within 2 stops on the RER line with escalators and lifts at both stations. However, we would recommend travelling by taxi (payable locally) as a more convenient option.

Break your journey with an overnight stay in Paris

Paris is one of the most exciting cities in Europe and you can make the most of your journey through Paris by staying at the start or end of your holiday. We will be happy to supply further details and prices on request.

Alternative trains

Another popular rail option is to travel via Strasbourg – although a slightly longer journey with an additional change of train, we would still recommend this routing as the change in Paris is a short walk from Gare du Nord to Gare de l'Est.

There are also alternative Eurostar train departures which connect with various trains from Paris Gare de Lyon to Lausanne, Geneva, Bern or Zurich which may prove more convenient, depending on your destination. You may also like to consider travelling via Brussels and Cologne.

These are example train times, showing travel to Switzerland. The suggestions allow plenty of time for your travel onwards from Basel to your chosen destination (and vice versa on the return). It is possible to travel from London to your Switzerland hotel in one day, or you may like to stay overnight in Paris or Basel.

Price guide

The supplements on our holiday prices will be from £89 per person in 2nd class and £326 per person in 1st class. You will also need to add £43 per person for first class onward travel in Switzerland. We will only be able to advise a final price when we can actually book your seats which, because of the reservations systems used by the railways, will not be until 90 days before your departure. However, we still recommend early booking as all other arrangements are held for you and your reservations are registered when you make your booking.

Travel in Switzerland

From airport to your resort

Your onward journey from airport to resort is by train, offering comfort, room to move around and the opportunity for a meal or refreshments. Swiss Federal Railways are amongst the most efficient in the world and operate with the precision of a Swiss watch! An added convenience is that there are main line stations at Zurich and Geneva Airports and on arrival at many resorts you will be met at the station by the hotel's porter. For most resorts there is a train departing from the airport every hour – so no waiting around. Your personalised itinerary will show your recommended train times.

First Class Rail travel is available at a supplement of £43 per person (no additional charge for children under 16). You can choose to purchase either 1st or 2nd class tickets for additional journeys with your Half Fare Card.

Flight Luggage

Swiss Railways has a unique system for SWISS flights to Zurich which means you can check in your luggage at the UK airport and then, depending on where you are staying, it will either be delivered to your hotel or you can collect it from the local station. For the return journey the luggage goes direct from a number of resorts to your UK airport, although check in and issuing of boarding passes at Swiss resorts is only possible on the 'door to door' service. From other resorts you will need to collect bags at the Zurich Airport baggage office and proceed to check in. To ensure that you receive your luggage the same day, your flight will need to land in Switzerland by either 11.30 or 13.00 depending on your destination and for the return journey your flight must depart after 16.00.

The Flight Luggage charge is £18 per item in each direction plus a one-off express shipping charge of £25 in each direction, with an additional £33 in each direction for the 'door to door' service. This service is only available with certain resorts – please check with us for up to date information.

UK luggage delivery service

With the significant changes to the Flight Luggage system, we are pleased to offer an alternative luggage delivery service from your home to your Swiss hotel and return. This will be beneficial to people flying with airlines other than SWISS and for anyone flying via Geneva airport. It will also be of interest for car free resorts such as Wengen, Mürren and Zermatt.

Your cases are picked up from your home 5 days before you travel and will be delivered directly to your hotel. As a guide, prices for a return journey start from £140 for one case or £180 for two. One way delivery can also be arranged for a cost in the region of £115 for one case or £145 for two.

Switzerland's Cities

Enjoy the historical sights, café culture and great shopping

Switzerland has some fabulous cities to visit on a short break, or they can be added as part of a longer itinerary for your holiday. A night or two in a city can be a nice way to break your travel if you have a long journey or perhaps an early or late flight. We have a wide range of hotels in Zurich, Geneva, Bern and Basel. Please contact us for further details and prices.

Zurich

With a stunning lakeside location, Zurich offers everything you could wish for from a city break. The historic centre with its charming car-free streets is a pleasure to stroll around - browse in the one-off shops and stop at a café for a tempting pastry. You can take a steamer boat trip on Lake Zurich or enjoy walks along the shore and in the nearby hills. Zurich also has great nightlife and is a well known cultural centre with plenty of museums and exhibitions.

Travel pass: the ZurichCARD is available to buy at railway stations around the city

Geneva

This delightful city is situated in one of the most exceptional locations in Switzerland around the lake and the River Rhone. The city will charm you with its harbour and the landmark 'Jet d'Eau' - a towering spray of water over the lake. You can take a cruise to the villages, while on dry land the Old Town has art galleries and antique shops and an array of small restaurants to tempt you. The picturesque Place du Bourge-de-Four is not to be missed.

Travel pass: the Geneva Pass is given free of charge to Geneva hotel guests

Bern

Capital of Switzerland, Bern sits on a peninsular above the River Aare and owes its layout to the 15th century, including its atmospheric arcades. The ancient towers, attractive fountains and narrow streets festooned with flags and flowers make the city a real delight to walk around. The famous bears can be seen in their home by the river and other attractions include the 16th century astronomical clock and Einstein's house.

Travel pass: the Bern Visitor Card is given free of charge to Bern hotel guests

Basel

Basel lies in the very heart of Europe, bordered by France's Vosges mountains and Germany's Black Forest, with the Rhine flowing through the centre. A boat trip is a great way to admire Basel's unique mix of architecture. There are preserved buildings from the 15th century as well as modern works by internationally renowned architects. The town has plenty of shopping as well as museums and galleries galore and a lively nightlife.

Travel pass: the BaselCard is available to buy at tourist offices around the city

For reservations within 10 weeks full payment is required at the time of booking.

Payment: Payments may be made by debit card, credit card or bank transfer. Please note that we no longer accept cheques or Amex payments.

Prices: The holiday prices and offers shown in this brochure are for travel in 2020. All prices are in £s per person (unless specifically stated) and include flights, rail transfers and accommodation in a twin bedded room with meals as described. Prices for flights and some hotels change frequently. For this reason, the holiday prices shown in this brochure are our best guide but may differ at the time of providing your tailor made quotation. We guarantee that there will be no surcharge to your holiday price once you have booked your holiday.

Flight delays: In the event of any delay passengers will be looked after according to the usual practice of the airline.

Luggage: Personal luggage allowance with British Airways and SWISS is 23kg per person or 30kg in Business or Club Class. Allowance with easyJet is 23kg and Jet2.com 22kg. These allowances are included in your holiday price.

Hotel star categories: The Swiss Hotel Association classifies its hotels in five categories indicated by stars. The SHA star classifications are only given as a guide to

prospective clients. Where a hotel does not belong to the SHA we have determined the star rating in accordance with their standards. All hotels are different in style and furnishings and there can be a variation within a star category which is usually reflected in the price.

Room descriptions: The codes used in the brochure are only used as a means of identifying the different types of rooms and should not be read in any other way. Photographs of rooms are shown as a typical example and your room may vary in size and furnishings. Single rooms will usually be smaller.

Meals: Half board unless otherwise stated includes a buffet breakfast and dinner. Where there is a choice of menu for dinner this is stated in the hotel description.

Dietary requirements: Should you need a special diet then you should advise us of your requirements at the time of booking. Vegetarians can be catered for at most of our hotels and many have a vegetarian option on their dinner menu.

Resort & hotel facilities: Where hotel facilities include sauna or solarium etc. it does not necessarily mean that they are available without any charge. Some hotels have minimum stays, particularly in winter. Some resort facilities including cable cars may not be available at the beginning or end of the season and operate according to weather conditions.

Special requests: We will pass on any special requests to the airline etc. However, as these are dependent on our suppliers we cannot guarantee absolutely that special requests can be complied with. All special requests should be made in writing.

Passports & visas: British citizens must be in possession of a full 10 year passport and children need their own passport. Information regarding passport requirements can be found on the Foreign and Commonwealth Office website www.fco.gov.uk. British Citizens do not require a

visa for Switzerland. Commonwealth and other passport holders may need a visa and should check with the Swiss Embassy on 0203 411 0690. We do not accept any responsibility if you cannot travel because you have not complied with any passport or visa requirements.

Foreign Office advice: We recommend that you keep up to date with the advice provided by the Foreign and Commonwealth Office for travel overseas which can be found on www.gov.uk/foreign-travel-advice/switzerland

Health: A booklet 'Health Advice for Travellers' can be obtained from main Post Offices and at www.dh.gov.uk/travellers.

Swiss public holidays: Shops and certain other facilities may be closed on the following dates and you may therefore care to take this into consideration before booking your holiday: 1st January, 10th & 13th April, 21st May, 1st & 11th June, 1st August, 1st November, 25th & 26th December. Additional holidays vary by region.

Conditions of Booking

1. Our Details The Swiss Holiday Company is a trading name of Travelco Limited with whom your contract is made and whose registered address is Nucleus House, 2 Lower Mortlake Road, Richmond TW9 2JA.

2. Your Holiday Booking When you make a booking you guarantee that you have the authority to accept and do accept on behalf of your party the terms of these booking conditions. A contract will exist as soon as we issue our confirmation invoice. This contract is made on the terms of these booking conditions, which are governed by English Law, and the jurisdiction of the English Courts. You may, however, choose the law and jurisdiction of Scotland or Northern Ireland if you live there and wish to do so.

3. Paying for Your Holiday When you make your booking you must pay a deposit of £150 per person if your holiday is with British Airways or Swiss International Air Lines. For holidays with flights with any other airline and with 3 centres or more a minimum deposit of £250 per person will apply. The balance of the price of your travel arrangements must be paid at least 10 weeks before your departure date. If the deposit and/or balance are not paid in time, we shall cancel your travel arrangements. If the balance is not paid in time we shall retain your deposit.

4. If You Cancel Your Holiday You, or any member of your party, may cancel your travel arrangements at any time. Written notification from the person who made the booking or your travel agent must be received at our offices. Since we incur costs in cancelling your travel arrangements, you will have to pay cancellation charges as follows (see also the exception below):

Up to 70 days before departure: Loss of deposit.

69 to 42 days before departure: 40% of holiday price

41 to 28 days before departure: 60% of holiday price

27 to 14 days before departure: 80% of holiday price

Less than 14 days: Full holiday cost

If the reason for your cancellation is covered under the terms of your insurance policy, you may be able to reclaim these charges.

5. If You Change Your Booking If, after our confirmation invoice has been issued, you wish to change your travel arrangements in any way, for example your chosen departure date or accommodation, we will do our utmost to make these changes but it may not always be possible. Any request for changes to be made must be in writing from the person who made the booking or your travel agent. You will be asked to pay an administration charge of £20 per person and any further cost we incur in making this alteration. You should be aware that these costs could increase the closer to the departure date that changes are made and you should contact us as soon as possible. Note: Certain travel arrangements may not be changeable after a reservation has been made and any alteration request could incur a cancellation charge of up to 100% of that part of the arrangements.

6. If We Change or Cancel Your Holiday It is a term of your booking that we are able to make changes to any aspect of your booking. If the change is insignificant, we will ensure that you are notified about it. Examples of insignificant changes include alteration of your outward/return flights by less than 12 hours, changes to aircraft type, change of accommodation to another of the same or higher standard, changes of carriers. If we are constrained by circumstances beyond our control to alter significantly any of the main characteristics of the travel services that make up your package you will have the rights set out below. We will contact you and you will have the choice of accepting the change or having a refund of all monies paid. You can also accept an alternative holiday, where we offer one (we will refund any price difference if the alternative is of a lower value). We will tell you the procedure for making your choice. Please read any notification of changes carefully and respond promptly as if you do not respond to us within the timescale given your booking may be cancelled. If you choose to accept a refund we will pay compensation as detailed below except where the significant change is due to unavoidable and extraordinary circumstances, which means a situation beyond our control, the consequences of which could not have been avoided even if all reasonable measures had been taken. The compensation that we offer does not exclude you from claiming more if you are entitled to do so.

Up to 42 days before departure: None

41 to 25 days before departure: £20

24 to 14 days before departure: £25

13 to 7 days before departure: £30

Less than 7 days: £40

7. Your Holiday Price We unconditionally guarantee that there will be no surcharge to your holiday price after you have made your booking. However, we reserve the right to increase our prices at any time before you book. All prices are quoted in £s sterling and were calculated in September 2019 using an exchange rate of £1 = 1.20 Swiss Francs.

8. Our Liability to You You must inform us without undue delay of any failure to perform or improper performance of the travel services included in this package. If any of the travel services included in your package are not performed in accordance with the contract, or are improperly performed, by us or the travel service suppliers, and this has affected the enjoyment of your travel arrangements, you may be entitled to an appropriate price reduction or compensation or both. We will not be liable where any failure to perform or improper performance of the travel services is due to: you or another member of your party; or a third party unconnected with the provision of the travel services in the package and is unforeseeable or unavoidable; or unavoidable and extraordinary circumstances, which means a situation beyond our control, the consequences of which could not have been avoided even if all reasonable measures had been taken. Our liability, except in cases involving death, injury or illness, shall be limited to a maximum of three times the cost of your travel arrangements. Our liability will also be limited in accordance with and/or in an identical manner to:

a) The contractual terms of the companies that provide the travel services that make up your package. These terms are incorporated into this booking; and

b) Any relevant international convention, for example the Montreal Convention in respect of travel by air, the Athens Convention in respect of travel by sea, the Berne Convention in respect of travel by rail and the Paris Convention in respect of the provision of accommodation, which limit the amount of and conditions under which compensation can be claimed for death, injury, delay to passengers and loss, damage and delay to luggage. We are to be regarded as having all benefit of any limitation of the extent of or the conditions under which compensation is to be paid under these or any conventions. Under EU law (Regulation 261/2004) you have rights in some circumstances to refunds and/or compensation from your airline in cases of denied boarding, cancellation or delay to flights. Full details will be publicised at EU airports and available from airlines. However, reimbursement in such cases will not automatically entitle you to a refund of your holiday cost from us. Your right to a refund and/or compensation from us is set out in these booking conditions. If any payments to you are due from us, any payment made to you by the airline or any other service provider will be deducted. If it is impossible to ensure your return as scheduled due to unavoidable and extraordinary circumstances, we will bear the cost of necessary accommodation, if possible of equivalent category, for a maximum of three nights. The limit doesn't apply to persons with reduced mobility and any person accompanying them, pregnant women and unaccompanied minors, or persons in need of specific medical assistance, provided that you notified us of these needs at least 48 hours before the start of your holiday. NB this entire clause 8 does not apply to any separate contracts that you may enter into for excursions or activities whilst on holiday.

9. Protecting your Money We provide full financial protection for our package holidays. For flight-based holidays, this is by way of our Air Travel Organiser's Licence number 3148. When you buy an ATOL protected flight or flight inclusive holiday from us you will receive an ATOL Certificate. This lists what is financially protected, where you can get information on what this means for you and who to contact if things go wrong. We will provide you with the services listed on the ATOL Certificate (or a suitable alternative). In some cases, where we aren't able to do so for reasons of insolvency, an alternative ATOL holder may provide you with the services you have bought or a suitable alternative (at no extra cost to you). You agree to accept that in those circumstances the alternative ATOL holder will perform those obligations and you agree to pay any money outstanding to be paid by you under your contract to that alternative ATOL holder. However, you also agree that in some cases it will not be possible to appoint an alternative ATOL holder, in which case you will be entitled to make a claim under the ATOL scheme (or your credit card issuer

where applicable). If we are unable to provide the services listed (or a suitable alternative, through an alternative ATOL holder or otherwise) for reasons of insolvency, the Trustees of the Air Travel Trust may make a payment to (or confer a benefit on) you under the ATOL scheme. You agree that in return for such a payment or benefit you assign absolutely to those Trustees any claims which you have or may have arising out of or relating to the non-provision of the services, including any claim against us, the travel agent (or your credit card issuer where applicable). You also agree that any such claims may be re-assigned to another body, if that other body has paid sums you have claimed under the ATOL scheme. If you book a package holiday other than by air from this brochure, your monies are protected by way of our ABTA bond (W6262).

10. ABTA We are a Member of ABTA, membership number W6262. We are obliged to maintain a high standard of service to you by ABTA's Code of Conduct. We can also offer you ABTA's scheme for the resolution of disputes which is approved by the Chartered Trading Standards Institute. If we can't resolve your complaint, go to www.abta.com to use ABTA's simple procedure. Further information on the Code and ABTA's assistance in resolving disputes can be found on www.abta.com. You can also access the European Commission Online Dispute (ODR) Resolution platform at <http://ec.europa.eu/consumers/odr/>. This ODR platform is a means of notifying us of your complaint; it will not determine how your complaint should be resolved.

11. Complaints If you have a complaint about any of the services included in your holiday, you must inform the relevant supplier (e.g. your hotelier) without undue delay who will endeavour to put things right. If it is not resolved locally, please follow this up within 28 days of your return home by writing to us giving your booking reference and all other relevant information. Please keep your letter concise and to the point. If you fail to follow the requirement to report your complaint in resort we will have been deprived of the opportunity to investigate and rectify it and this may affect your rights under this booking. Please also see clause 10 above on ABTA.

12. Additional Assistance If you're in difficulty whilst on holiday and ask us to help we will provide appropriate assistance, in particular by providing information on health services, local authorities and consular assistance; and helping you to find alternative arrangements and any necessary phone calls/emails. You must pay any costs we incur if the difficulty is your fault.

13. Passport, Visa and Immigration Requirements Your specific passport and visa requirements and other immigration requirements are your responsibility and you should confirm these with the relevant Embassies and/or Consulates. We do not accept any responsibility if you cannot travel because you have not complied with any passport, visa or immigration requirements.

14. Excursions or other tours that you may choose to book or pay for whilst you are on holiday are not part of your package holiday provided by us.

15. Travel Agents All monies you pay to the travel agent are held by him on behalf and for the benefit of the Trustees of the Air Travel Trust at all times. This is subject to the agent's obligation to pay it to us for so long as we do not fail. If we fail, any money held at that time by the agent, or subsequently accepted from you by him, is and continues to be held on behalf of and for the benefit of the Trustees of the Air Travel Trust without any obligation to pay that money to us.

This brochure is our responsibility, as your tour operator.
